

Coronavirus (COVID-19)

Update from Root and Stem / Greenleaf Catering

3/16/2020

At Root & Stem/Greenleaf, the health and safety of our clients, staff & vendors are our top priority. We will continuously monitor the spread of COVID-19 and the recommended guidelines from the CDC and other experts.

We are updating on a daily basis our operation. Our cafe at our headquarters is closed until further notice. We are operating with a severely reduced staff for any delivery needs. Constant and consistent hand washing and sanitizing are being enforced and regulated.

We will adjust our protocols, as appropriate, as knowledge of COVID-19 emerges. Below we have created a boxed meal menu to avoid communal buffets during this time.

We truly appreciate your continued business, please do not hesitate to contact us should you have any questions. If you would like to replace a current order with any of the options below, please email orders@rootandstemdc.com or call our office at 703-289-1281

As a reminder our boxed meal options listed below will be in addition to our full drop off catering and event menus available, please note the boxed meal options are subject to a minimum of seven.
